

SLO Bytes HardCopy

A publication of the San Luis Obispo PC Users' Group

Vol. 39 No. 9

September 2023

August 6th, 2023, General Session

Cayucos Shipwreck – The Point Estero was a commercial fishing vessel that originated from Morro Bay Harbor. On July 28th, 2017, on its way back to Morro Bay, it unfortunately ran aground at the eastern part of Estero Bluff State Park, supposedly due to operator error.

September 3rd, 2023, Program by Ralph Sutter

The **First ZOOM Session** will feature **Alan Raul** offering a Questions and Answers program from 12:45-2:00 p.m. Usual topics include security issues, recent changes in Windows operating systems, tablets and smart phones. as well as demos of software and hardware. We always encourage questions and observations from the audience.

To be part of the virtual meeting via **Zoom**, please refer to the e-mail that will be sent to you twice shortly before the meeting with the credentials necessary to join the Zoom session. If you are asked for a **Meeting ID** or a **Password**, copy it from the announcement and paste it into the appropriate box.

There will be a break from 2:00-2:30 pm allowing the audience to sip a beverage, pet the dog or stretch.

The **Second Session** will continue with the format begun recently. Speakers will be members of the SLO Bytes audience. Afterwards, everyone is invited to pose computer issues that they face and/or solutions to them. We will call this segment **Potpourri**.

Contact Ralph at ralph@rsutter.com for more information.

Photo Group Report by Ralph Sutter

Notes from the Meeting of 0813/2023

The topic of the meeting was **Celebrations**. Ralph Sutter opened with images taken on a family visit to Oso Flaco Lake concluding with scenes of his cart-wheeling granddaughter. Ralph then took his camera to the Point San Luis Light House for images of the Dave Becker Quartet and the crowd that gathered.

Alan Raul shot most of his images with his iPhone with a few from his new camera. Because of his hand surgery he was unable to manipulate the images, so they are straight out of the camera. His images included the new staircase in Shell Beach, Pismo Beach images and images from the "Concert in the Plaza" in San Luis Obispo. He also showed his unboxing images of his new camera shot by his sister. More to follow next month on his new camera.

John Waller visited the Santa Maria Fair and offered low light shots of the evening. He then took us to the Mid State Fair in Paso Robles and the Renaissance Fair at Laguna Lake. Waller concluded by taking his camera to Morro Bay, offering stunning images of the San Salvador, replica of the vessel with which Juan Cabrillo became the first European to reach the California coast.

The next meeting will take place on **September 10th, 2023, beginning at 2:00 pm** via Zoom. The topic will be **Close Up Photography**.

Here is a list of the meeting schedule for the remainder of 2023

October 8

November 12

December 10

Push Library

Look at the **PUSH archives**, <http://www.slobytes.org/push/>. This is a repository of articles where you will find tips, product reviews, and personal recommendations contributed by computer clubs across the country.

They are provided courtesy of the Association of Computer User Groups, **APCUG**, the national organization with which SLO Bytes is affiliated.

The actual **PUSH** articles are hyperlinked from the index located at

<http://www.slobytes.org/push/index.html> (All articles on one long page)

<http://www.slobytes.org/push/push-condensed.html> (Links to **PUSH** articles by month received)

You can view additional APCUG publications here: <http://www.slobytes.org/apcug/index.html>

SLO Bytes Bulletin Board

Everyone can read the SLO Bytes Bulletin Board at <http://slobytes.org/smf/index.php?board=1.0> but only subscribers can post comments or respond to the posts of others. Despite the usual connotation of **subscribe**, it costs nothing to join the bulletin board. It is free to all current SLO Bytes members. However, to guard against cyber-mischief by spammers and other ne'er-do-wells, I have disabled self-registration. If you want to be added to the bulletin board, please send your request to me at ralph@rsutter.com.

If you are currently registered with the SLO Bytes Bulletin Board and wish to change your password, you will find a video screen capture of how to do so at

<http://www.slobytes.org/documents/change-bb-password.mp4>

Club Information and Meeting Times

SLO Bytes, a PC Users Group dedicated to educating its members in the use of personal computers, digital devices and software, meets on the first Sunday of each month via **Zoom**. Zoom credentials are sent to members twice shortly before each meeting. If you are a SLO Bytes member and don't receive this e-mail, please contact ralph@rsutter.com.

All meetings are open to the public at no cost. A general interest and Q&A session occurs from 12:45 PM to 2:00 PM and guest speaker presentations begin at 2:30 PM. Contact **Ralph Sutter** (ralph@rsutter.com) or visit slobytes.org for additional information about SLO Bytes and the scheduled presentation. All ideas for speakers or presentation subjects are welcome.

HardCopy is a monthly publication of **SLO Bytes PC Users' Group** located in San Luis Obispo, California. Information in this newsletter is derived from both our own membership and other PC user group newsletters.

The purpose of this publication is to inform our members of meetings and provide information related to the use of PCs and various operating systems.

Membership dues are \$25 per year. Membership entitles you to our monthly newsletter via e-mail, technical assistance comradeship and a voice in the affairs of the club.
