SLO Bytes New Members Information Sheet

Updated 07/06/2025)

SLO Bytes PC Users Group is dedicated to the education of its members in the use of personal computers, digital devices and software. It meets on the first Sunday of each month via Zoom. Contact Ralph Sutter; ralph@rsutter.com for the Zoom passwords.

At each meeting, a general interest session is held from 12:45 PM to 2:00 PM. Guest speaker presentations begin at 2:30 PM.

All general meetings are open to the public. No fee is charged. You can view the club web site, http://www.slobytes.org/ for additional information about SLO Bytes, for monthly scheduled presentations, and for access to the club bulletin board.

SLO Bytes currently has two **Special Interest Groups (SIGs)**. Both meet once a month, though at different times and places.
--The **Photography Group** is led by **Ralph Sutter**. Learn more at http://www.slobytes.org/digital/
--The **Linux Group** is led by **Alan Raul**. Learn more at https://slolug.mailchimpsites.com/

HardCopy is our monthly Newsletter. Information in this Newsletter comes from our own members and from other PC User Group Newsletters. The purpose of this publication is to inform our members of meetings and provide information about the use of PCs and various Operating Systems. Current and past archived editions are available through the club website at http://www.slobytes.org/news.html

The SLO Bytes website contains a lot of useful information and a Bulletin Board that is used by all members to communicate with each other on computer related topics. Members can post inquiries and read the questions and answers posted by other members. It is a very useful and educational tool that members use frequently. Its web address is http://slobytes.org/smf/index.php?board=1.0. It contains information and directions for accessing all its content. An email to our webmaster, Ralph Sutter, can be used to solicit his help with any problems you may encounter: ralph@rsutter.com.
