Photo Group Report by Ralph Sutter Meeting of 09/08/2024

TOPIC: Learn and Share

Ralph Sutter opened the meeting displaying images shot with his **Samsung Galaxy S22**. Sutter focused on food that he had prepared and photographed with the Food feature of the Samsung software. He struggled showing photos of his kayaking trip to the San Juan Islands, finally managing to share those images after other members of the group showed their photos.

Alan Raul shot exclusively with the **Sony FE 70-200mm f/4 Macro G OSS II Lens** to become more familiar with its strong points and limitations. Most pictures were shot at the Avila Beach third pier with a few in Shell Beach area where it was very foggy. His subjects included squirrels, seals and boats.

The topic for October 13th will be a reprise of our previous session, Learn a Skill and Share It with the Group. The meeting will take place via Zoom beginning at 2:00 pm,

The meeting schedule for the remainder of 2024 is as follows:
November 10, December 8
