Alan Raul – December 1, 2024 Meeting Notes

The year in review…

MarineTraffic: Global Ship Tracking Intelligence | AIS Marine Traffic - Search the MarineTraffic ships database of more than 550000 active and decommissioned vessels. Search for popular ships globally. Find locations of ports and ships using the near Real Time ships map. View vessel details and ship photos.

How to use Microsoft?s free PC Manager for a digital spring cleaning
https://www.pcworld.com/article/2229944/how-to-use-microsofts-pc-manager-for-your-pcs-spring-cleaning.html

Microsoft PC Manager - is an officially launched desktop security tool aimed at global users. It integrates Windows antivirus engine, comprehensively building a computer protection system. Microsoft PC Manager adheres to the four product concepts of simplicity, fluency, close to native, efficient and secure, and pure without disturbance. Based on user pain points, it provides a one-stop computer problem-solving solution, addressing issues such as malicious system tampering, insufficient computer space, system lag, and excessive pop-up ads, creating a native Windows system experience for users.
